

Integrated Policy On Quality, Safety, Health And Environment

TRANSMARINA C.A. is a company dedicated to the processing of fresh and frozen fish for export in its different versions, for which it is committed to:

- Work in a safe environment, free of illegal activities, such as terrorism, drug trafficking, contraband and money laundering; collaborate with all the competent authorities in order to stop any illegal activities which represent a risk to our operations; comply with all the safety regulations and procedures, established by the company, as well as the SGC5 and BASC.
- Manufacture products through procedures that do not represent any type of risk for the consumer's health but at the same time satisfy the requirements of our clients.
- Prevent, reduce or mitigate any environmental impact.
- To guarantee health and safety of our employees, within an ethical and responsible framework.
- Meet all technical - legal requirements and regulations, both national and international which apply to our products, the environmental operations and the well-being of our employees.
- Develop our employees' competence, in order to provide a superior knowledge and allow better performance in the work place.
- Promote a permanent progression in Quality Management Systems, Food Safety, Environment, Workplace Health and Safety and Physical Security Systems BASC. Throughout the allocation of the necessary resources, create and implement the programs for the prevention of occupational risks, in order to ensure the integrity of the company's assets, our employees, clients and consumers.

Mr. Damián Monroy Alvarado
